WORKING PAPERS

Can abatement efforts in a CPR promote over-exploitation of the resource?

(Forthcoming, Environment and Development Economics) with Ana Espinola-Arredondo

- Examines how input appropriations of firms exhibit abatement effort and deteriorate the quality of the resource lead to future CPR over-exploitation using game theory.

Willingness to pay for vaccine against East Coast Fever (ECF) using Becker-DeGroot-Marshack (BDM) mechanism

- Experimentally estimates the Willingness To Pay for vaccine against ECF using BDM method.

Do more empowered women lose fewer animals to East Coast Fever (ECF)?

- Examines the impact of women's empowerment on ECF vaccine decisions through a field experiment in Kenya.

RESEARCH EXPERIENCE

Graduate Research Assistant

Aug. 2022 – Present

Washington State University, Pullman, WA

- Researched and published cost-effectiveness analysis to estimate the economic burden of East Coast Fever
- Conceptualized and designed surveys and framed field experiments
- Developed an interactive web application for data collection using otree
- Trained the enumerators in person, conducted the pilot, and supervised the data collection in Narok, Kenya

Graduate Research Assistant

Aug. 2020 – Dec. 2020

Washington State University, Pullman, WA

- Created dataset by calculating Haversine spatial distance between natural gas plant and pipeline using Python
- Analyzed brewery data to study the impact of mergers on product variety.
- Researched, extracted, and filtered satellite-based ground-level pollution data using Python.

TEACHING EXPERIENCE

Instructor, EconS 102: Fundamentals of Macroeconomics <i>Online</i>	Summer 2023
Instructor, EconS 321: Economics of Sports in America <i>In Person and Online</i>	Fall 2021 – Spring 2022
Teaching Assistant, EconS 301: Intermediate Microeconomics with Calculus <i>In Person</i>	Spring 2021
<ul style="list-style-type: none">• Conducted weekly recitations and tutorial sessions for undergraduate students• Graded assignments and exams	

LEADERSHIP EXPERIENCE

SES Student Seminar Chair <i>Washington State University, Pullman, WA</i>	Aug. 2022 – May 2023
<ul style="list-style-type: none">• Organized and facilitated weekly seminars for Ph.D. students in the Economics department	
SESGSA Secretary <i>Washington State University, Pullman, WA</i>	Aug. 2022 – May 2023
<ul style="list-style-type: none">• Coordinated social and educational events catered to graduate students in a professional capacity	

AWARDS AND SCHOLARSHIPS

School of Economics Sciences Excellence in Research Award	Oct. 2024
Graduate Assistantship	2020 - 2025
Maggie and Jinhui Bai Fellowship	Dec. 2018
C. Richard and Janet L. Shumway Graduate Fellowship	Aug. 2018
H. Delight and Orlo H. Maughan Scholarship	Aug. 2018

PRESENTATIONS

Can abatement efforts in a CPR promote over-exploitation of the resource?	
- School of Economic Sciences Student Seminar, WSU, Pullman, WA	Oct. 2022
- Western Economic Association International, Portland, OR	Jul. 2022
Do more empowered women lose fewer animals to East Coast Fever (ECF)?	
- Job market seminar, School of Economic Sciences, WSU, Pullman, WA (forthcoming)	Nov. 2024
- Agriculture and Applied Economics Association, New Orleans, LA	Jul. 2024
- Northwest Development Workshop, Seattle, WA	May 2024

PROFESSIONAL SERVICE

Served on the panel to review papers	Mar. 2023
- Pacific Conference for Development Economics (PacDev) 2023, Seattle, WA	
Served as an abstract reviewer	Aug 2024
- International Association of Agricultural Economists 2024, Delhi, India	

TECHNICAL SKILLS

- Advanced knowledge of econometric modelling and statistical analysis
- Structured programming languages (Python, R, Stata, SQL) for data manipulation and analysis
- Advanced knowledge of survey, experimental design and web app development using otree
- Multi-group, interdisciplinary collaboration, and self-supervision in independent work
